

EXPERIENCIA PUERTO RICO 2025

17 AL 19 DE AGOSTO DE 2025

Conferencia Internacional Gobiernos Locales
Cumbre Desarrollo Económico y Tecnología

Official Invitation to Experiencia PR 2025

Dear Municipal Leader,

This year will be a very special one as we celebrate the 10th edition and anniversary of **Experiencia Puerto Rico**, an event focused on topics related to Municipalism in Latin America and the United States. We are pleased to invite you to participate in this meaningful thematic summit. **Experiencia Puerto Rico 2025** will be held in the cities of **San Juan and Carolina, Puerto Rico**, from **August 17 to 19, 2025**.

Available accommodations include **Hotel Verdanza, Tryp by Wyndham Isla Verde**, and **Embassy Suites**—all conveniently located in the Isla Verde tourist zone, just 5 to 10 minutes from the event venue and the **Luis Muñoz Marín International Airport**. Accommodation details will be available at www.experienciapuertorico.com by the end of March.

Experiencia Puerto Rico 2025 will be a forum where we come together to share ideas, projects, and visions to foster a better quality of life for our communities. It is the ideal space to engage in dialogue and rethink solutions within the framework of a new city model.

The event is designed for **Mayors, Municipal and State Legislators, Councilmembers**, and officials involved in **Economic Development and Technology**.

Technology and Artificial Intelligence (AI) play a crucial role in boosting the economic development of cities across the U.S. and Latin America by transforming key sectors such as agriculture, housing, tourism, transportation, and infrastructure.

In agriculture, AI optimizes resource use through data analysis to improve crop yields and reduce waste—critical for food security and sustainable economic growth. In housing, smart technologies enable the construction of more efficient and sustainable buildings, improving quality of life and reducing costs. In tourism, AI personalizes visitor experiences and optimizes destination management, drawing more tourists and generating significant revenue.

In transportation, cities are adopting smart systems that enhance urban mobility, reduce traffic, and cut carbon emissions. In infrastructure development, technology facilitates more efficient and resilient project planning and execution, tailored to the evolving needs of urban populations.

The 10th anniversary of Experiencia Puerto Rico will feature these topics with the participation of international experts who will share their knowledge and experience.

As in previous years, we expect the participation of the **National League of Cities (NLC)**, which selected Experiencia Puerto Rico 2024 as their official stop last year in celebration of their 100th anniversary. Also expected are representatives from the **International City/County Management Association (ICMA)**—both prestigious organizations in the U.S. local government field.

Likewise, the **Latin American Federation of Cities, Municipalities, and Local Government Associations (FLACMA)** will join us as a strategic partner, along with members of the **Confederation of Associations of Municipalities of Central America and the Caribbean (CAMCAYCA)**, and other international and sub-regional organizations linked to the municipal management field you represent.

We are confident that your participation will offer an opportunity to engage with colleagues and experts, and to actively contribute to international discussions on critical topics for local governments.

This invitation is extended to all local government authorities in **Panama**, with the goal of promoting engagement and knowledge-sharing during this important event. Your presence will

be key to strengthening collaboration between municipalities and advancing initiatives that benefit your communities.

We invite you to visit www.ExperienciaPuertoRico.com for more details, or reach out via WhatsApp TEXT at **787-415-1912**, janluisrosado5@gmail.com, or **787-238-8312**, or by email at experienciapuertorico@gmail.com.

We also encourage you to register promptly and explore more event information at www.experienciapuertorico.com.

Warm regards,

Mickey J. Espada Medina
Executive Director
Experiencia Puerto Rico
